Address: Xuan Thuy, Cau Giay, Ha Noi

EDUCATION

Hung Yen University of Technology and Education (UTEHY)

My Hao, Hung Yen

9/2022 - 6/2026

- **Major:** Computer Science

EXPERIENCE

Advanced International Applied AI Research Center (AIRC - ITI)

Xuan Thuy, Cau Giay, Ha Noi

Data Science Intern

11/2025 - 2/2026

- Experience the real-life problem related to CV task such as Object Detection, Keypoint Detection,...
- Get familiar with Raspberry Pi, understand the model deployment phrase on edge device.

PROJECTS

Smart Classroom

11/2025 - 12/2025

- **Description:**
 - Developed a system that can support teacher in classroom by detecting the face, body and hand gestures. Combining of the two tasks in CV: Object Detection and Keypoint Detection. The hand-gestures detected can be used to control the IoT devices such as AC, Fan, TV,...
- **Technologies/libraries:**
 - Frameworks/Libraries/platforms: Python, NumPy, OpenCV, Pytorch.
 - Tool: Roboflow, Raspberry Pi.

AI Career Counselor

11/2025 - 12/2025

- **Description:**
 - AI Career Counselor a system that can analyze the
- **Technologies/libraries:**
 - Frameworks/Libraries/platforms: LangChain, LangGraph
 - Tool: LangGraph, Firecrawl, Qdrant, NeMo

SKILLS

Programming Languages: Python

Frameworks & Libraries: LangChain, LangGraph, CrewAI, LiteLM, LM Studio, ChomaDB

Tool: Git, Notion, Google Workspace, Antigravity

Operating System: Window, Linux

CS Fundamental: Database, DS&A, OOP, DL

Languages: English, Vietnamese (native)
